HAIR EXTENSIONS CATALOG

THE PREMIUM CHOICE FOR PROFESSIONAL

BEYOND LENGTH
BEYOND VOLUME
PURE PERFECTION

At Bono Hair, we witness the magic that happens in the stylist's chair every day. Our premium hair extensions are designed to unleash your artistry, empowering you to create breathtaking transformations that give your clients the magnetic confidence to shine in every moment.

We meticulously control every step of the manufacturing process, ethically sourcing 100% Virgin human hair to produce cuticle-intact, double-drawn luxury extensions. From the richest natural tones to the most complex Balayage blends, we proudly offer an industry-leading assortment that guarantees seamless blending and enduring softness.

Our mission is to fuel the growth of your salon business through direct access to the source. Unlike traditional brands, we are your factory partner. We strip away the middleman to provide you with higher profit margins, rapid shipping from our massive inventory, and bespoke customization capabilities. We are dedicated to delivering the consistent quality that professional stylists demand, day after day.

From our factory floor to your salon chair, we bridge the gap between premium excellence and smart business.

We are Bono Hair.

The professional's secret to perfection and profitability.

ABOUT US

Your Exclusive Hair Extension Supply Chain Partner

As a leading manufacturer in the hair industry, Bono Hair empowers wholesalers and brand owners globally with premium hair solutions. Beyond maintaining a massive inventory for immediate shipment, we specialize in precision craftsmanship for custom orders. We don't just supply hair; we deliver consistency, reliability, and the highest standard of 100% human hair to help your business scale.

BUTTERFLY GENIUS WEFT

APPLICATION

- Installation: 0.5-1.5 hours
- Maintenance: 6-8 weeks

AVAILABLE IN

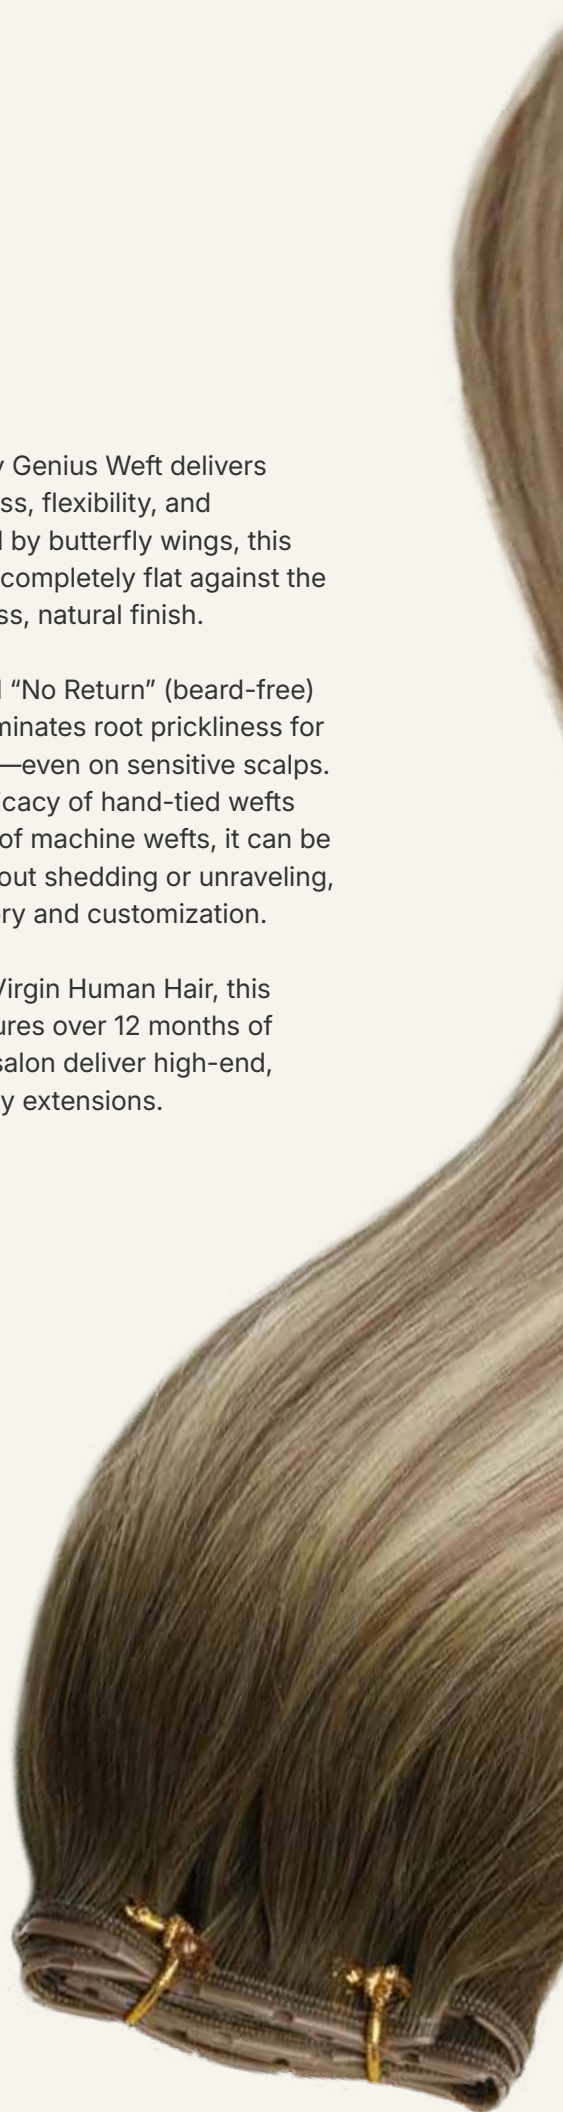

- Lengths: From 14" to 30"
- Weight: 100g/pack
- Straight & Wave & Curly

Bono Hair Butterfly Genius Weft delivers unmatched lightness, flexibility, and invisibility. Inspired by butterfly wings, this ultra-thin weft lies completely flat against the scalp for a seamless, natural finish.

With the advanced "No Return" (beard-free) construction, it eliminates root prickliness for maximum comfort—even on sensitive scalps. Combining the delicacy of hand-tied wefts with the durability of machine wefts, it can be cut anywhere without shedding or unraveling, simplifying inventory and customization.

Made from 100% Virgin Human Hair, this premium weft ensures over 12 months of wear, letting your salon deliver high-end, damage-free luxury extensions.

RELATED PRODUCTS

BUTTERFLY WEFT

Butterfly weft extension features an ultra-flat, lightweight weft—combining a seamless machine-sewn edge with a flexible, perforated PU base—for a virtually invisible, natural finish.

Before

After

GENIUS WEFT

APPLICATION

- Installation: 1.5-2.5 hours
- Maintenance: 6-8 weeks

AVAILABLE IN

- Lengths: From 14" to 30"
- Weight: 100g/pack

Bono Hair Genius Weft is the ultimate hybrid solution, combining the ultra-thin profile of hand-tied wefts with the durability of machine wefts. Designed for professional customization, its flexible, bond-free spine can be cut to any width without shedding or unraveling.

The innovative "No Return" (beard-free) design eliminates scalp irritation, ensuring maximum client comfort and a perfectly flat, seamless lay. Water-resistant construction prevents bacterial growth and promotes quick drying.

Made from 100% Premium Virgin Human Hair with aligned cuticles, this weft is tangle-free and lasts 6-12 months, providing salons high client satisfaction and superior profit potential. Factory-direct stock of popular colors allows immediate dispatch.

RELATED PRODUCTS

HAND-TIED WEFT

Ultra-thin hand-tied wefts offer lightweight comfort and seamless blending—ideal for fine or thinning hair.

MACHINE-MADE WEFT

Machine wefts offer maximum volume and durability. Their cuttable design allows easy customization, ideal for thicker or coarser hair.

TAPE-INS

APPLICATION

- Installation: 30-60 Mins
- Maintenance: 6-8 weeks

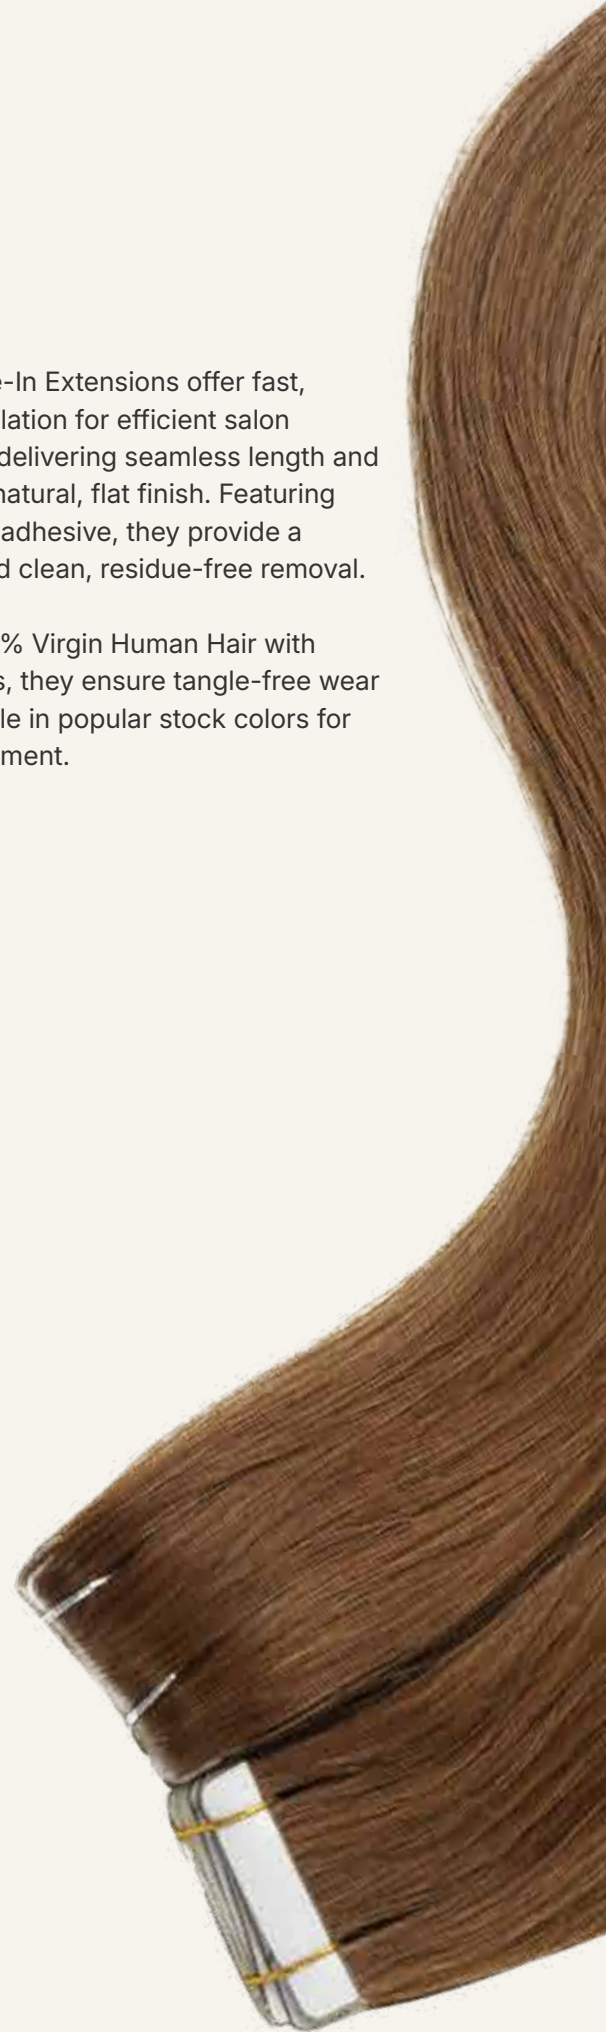

AVAILABLE IN

- Lengths: From 14" to 30"
- Weight: 2.5g/piece,
40 pieces/pack, 100g/pack

Bono Hair Tape-In Extensions offer fast, heat-free installation for efficient salon services while delivering seamless length and volume with a natural, flat finish. Featuring medical-grade adhesive, they provide a secure hold and clean, residue-free removal.

Made from 100% Virgin Human Hair with aligned cuticles, they ensure tangle-free wear and are available in popular stock colors for immediate shipment.

RELATED PRODUCTS

MINI TAPE-INS

Mini tape-ins use smaller wefts for precise placement—perfect for fine hair and detailed areas, with quick, heat-free installation.

INVISIBLE TAPE-INS

Invisible tape-in extensions feature a unique top layer that conceals the tape for a seamless blend. The result is a flatter, more natural finish for discreet volume and length.

FLAT TIP

APPLICATION

- Installation: 3-6 Hours
- Maintenance: None (One-time use)

AVAILABLE IN

- Lengths: From 14" to 30"
- Weight: 1g/strand, 100g/pack

Bono Hair K-Tips are the gold standard for versatility and natural movement. Made with premium Italian keratin, the bonds create a strong, reliable hold that withstands heat and styling without breaking down.

Designed for professional customization, the bonds can be trimmed for micro-bonding techniques, making them ideal for clients with thinning hair or delicate hairlines.

Crafted from 100% Virgin Human Hair in our own factory, they ensure consistent quality, tangle-free wear, and long-lasting salon results.

RELATED PRODUCTS

U-TIP

U-tip extensions use a 1 cm Italian keratin bond for strong, long-lasting attachment, delivering full and natural-looking volume.

V-TIP

V-tip extensions use a 1 cm Italian keratin bond for precise installation and a secure, flexible hold, delivering a smooth, natural blend.

I-TIP

APPLICATION

- Installation: 1.5-3 Hours
- Maintenance: 6-8 weeks

AVAILABLE IN

- Lengths: From 14" to 30"
- Weight: 1g/strand, 100g/pack

Bono Hair I-Tip Extensions provide a cold fusion installation using microbeads, requiring no heat or glue to protect the client's natural hair.

Featuring reinforced Italian keratin tips, they maintain their shape for smooth threading and a secure hold during installation.

Made from 100% Virgin Human Hair, the extensions are reusable and long-lasting, offering salons a flexible, damage-free solution with natural blending.

RELATED PRODUCTS

Y-TIP

Y-tip extensions use a 1 cm Italian keratin bond for precise, secure installation, delivering consistent thickness and a natural blend.

NANO RING

Nano ring extensions feature ultra-small rings for discreet installation and minimal visibility, offering a lightweight, damage-free option for fine hair.

CLIP IN HAIR EXTENSIONS

APPLICATION

- Installation: 2.5-4 Hours
- Maintenance: 6-8 weeks

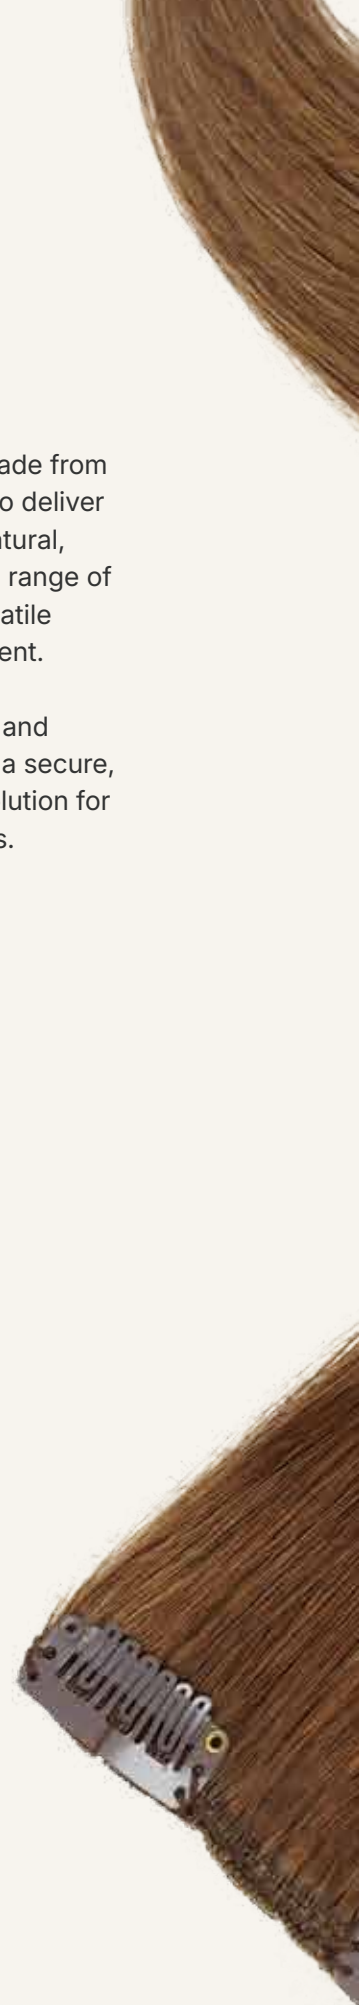

AVAILABLE IN

- Lengths: From 14" to 30"
- Weight: 1g/strand, 100g/pack

Bono Hair Clip-In Extensions are made from 100% virgin human hair, designed to deliver instant volume and length with a natural, seamless blend. Available in a wide range of shades and lengths, they offer versatile styling with no long-term commitment.

Featuring Invisible Seamless Wefts and Classic Lace designs, they provide a secure, comfortable fit and quick styling solution for everyday wear or special occasions.

RELATED PRODUCTS

PU CLIP IN

PU Clip-In Extensions feature a thin, flexible PU weft base that lays flatter against the scalp for a more seamless, natural blend. Made from 100% Virgin human hair, they provide lightweight comfort, secure hold, and an invisible finish, ideal for everyday styling.

HALO HAIR EXTENSIONS

Bono Hair's Halo Wire Extensions are engineered with a high-tensile, Adjustable Invisible Filament that sits securely on the crown. Unlike traditional methods that anchor directly to the hair follicles, this system relies on gravity and the natural curve of the head, offering a non-damaging alternative that minimizes tension on the roots.

Ideal for clients with fine, thinning, or sensitive hair, this ready-to-wear solution offers instant length and volume in under 60 seconds. The Premium Virgin human hair weft is designed to layer seamlessly beneath the client's natural top layer, providing a protective styling option that maintains the integrity of their natural hair.

HOW TO APPLY

STEP1 :

Part the top part of your hair and clip up, leaving a small 1" section out in the front on each side.

STEP2 :

Place the Halo extension on top of your head like a crown, fitting snugly where you parted your hair.

STEP3 :

Once the Halo extension is properly placed, release your clipped hair over the Halo. Style as desired-curl, straighten, or leave it natural for a gorgeous, effortless look!

THE PROFESSIONAL PONYTAIL

High-Fashion Length. Zero Tension.

Elevate your retail selection with Bono Hair's Ponytail extension. Engineered with a lightweight, ergonomic attachment, it eliminates scalp tension for all-day wear. Featuring our Invisible Weft Technology, it offers a seamless, undetectable wrap-around application that gives your clients instant, runway-ready volume.

METHODS GUIDE

Get to know all the details of our 6 professional hair extension methods.

	SEWN-IN WEFTS		ADHESIVE TAPES
CONSTRUCTION	BUTTERFLY GENIUS WEFT	GENIUS WEFT	TAPE-IN
DESCRIPTION	The next evolution of the Genius Weft, featuring a softer, matte-finish bond and integrated bead holes for rapid application.	The modern industry standard. A virtually undetectable weft that combines the flat nature of hand-tied with the durability of machine wefts.	Pre-taped, medical-grade adhesive extensions designed for a seamless, flat lay against the head.
FEATURES	Enhanced flexibility; matte finish for lower visibility, pre-cut holes for "no-sew" options.	Ultra-thin seam; no return hair; cuttable at any point without unraveling.	4cm wide invisible tabs; lightweight; "sandwich" application method.
BENEFITS	"Lunch-break" installation speeds (if using hole method); hugs the head shape better than any other weft; maximum comfort for sensitive scalps.	Maximum volume without bulk; no itchiness at the root; highly durable and reusable.	Fastest initial installation; lies completely flat to the head; minimal tension on natural hair.
INSTALLATION	Integrated Bead-Hole (30 Mins) OR Standard Sew-In (1.5 Hours).	Beaded Row / Sew-In (1.5 – 2.5 Hours).	Adhesive Sandwich (30 – 60 Mins).
TARGET GUEST	Clients with sensitive scalps; fine/fragile hair; those needing a quick appointment.	Medium to thick hair; clients seeking maximum volume and length.	Fine or thin hair; first-time extension users; clients wanting side volume.
AT HOME CARE	Brush daily from ends to roots using a loop or soft bristle brush while supporting the base. Wash gently with sulfate-free, alcohol-free products. Apply conditioner and oils to mid-lengths and ends only, avoiding roots. Always use heat protectant and keep hot tools away from bonds, tapes, and wefts. Dry roots completely before sleeping. At night, secure hair in a loose braid or ponytail. Method Tips: Keep Tape-Ins dry for 48 hours; separate individual bonds daily; avoid heat on weft seams.		

KERATIN BONDS		INDIVIDUAL BEADS	
KERATIN-TIP		I-TIP	NANO RINGS
Individual strands tipped with a keratin protein bond that is fused to the natural hair using heat.		Individual strands secured to the natural hair using a small, silicone-lined copper bead.	Smallest individual extension method, using a bead 90% smaller than a standard micro-ring.
Customizable bond size (can be cut for micro-bonding); 360-degree movement.		Cold application (no heat or glue); 360-degree movement; reusable hair.	Ultra-fine wire or acrylic tip; tiny attachment point; high concealment.
Discreet attachment suitable for high updos; long continuous wear duration (3–5 months); virtually invisible.		Zero heat/chemical damage; easy "slide-up" maintenance; natural movement.	Suitable for extremely fine hair where other methods are visible; allows for placement very close to the hairline.
Thermal Fusion (3 – 6 Hours).		Clamp & Bead (1.5 – 3 Hours).	Nano-Bead Threading (2.5 – 4 Hours).
Clients needing hairline filling; active lifestyles; those preferring low maintenance frequency.		Medium to coarse hair; clients who want individual strands without glue.	Very thin or fine hair; hairline restoration; clients ineligible for tape or weft methods.

CUSTOM MADE ORDER

Precision manufacturing customized to your exact design and technical requirements.

COLOR & TEXTURE

Custom color blending and texture development are tailored precisely to your brand requirements. We match shades to your color ring and create consistent tones across batches, while steam-processing textures to achieve natural straight, wave, or curl patterns that blend seamlessly with different hair types.

DIMENSIONS & WEIGHT

Strand dimensions and weights can be customized to meet specific product standards. Options include tailored strand weights for Flat-Tip, I-Tip, and K-Tip extensions, along with adjustable tape widths and weft sizes to fit your preferred packaging formats and installation needs.

PRECISION ENGINEERING

Our advanced manufacturing allows precise customization of Genius and Butterfly Wefts. Key parameters such as hole diameter and spacing (interval) can be adjusted to ensure optimal flexibility, durability, and seamless installation for professional salon applications.

CUSTOM PACKAGING SERVICE

Ready to Elevate Your Brand?

Access our comprehensive packaging design catalog and receive detailed quotations upon request.

Let's create a distinctive brand identity that drives your success.

CLIENT CARE & MAINTENANCE

Protecting Your Investment

At Bono Hair, quality is our priority. To ensure longevity and prevent returns, please educate your clients on these non-negotiable protocols.

STRICT PROHIBITIONS

- The 48-Hour Rule: No washing or heavy exercise for 48 hours to allow bonds to fully cure.
- Product Choice: Clients **MUST** use Sulfate-Free products and avoid those with drying alcohols. Drying alcohol dissolves adhesives (slippage), and sulfates cause dryness.
- No Wet Sleeping: Never sleep with damp hair. This causes irreversible matting at the root.

DAILY BEST PRACTICES

- Washing: Wash in a downward motion. Apply conditioner from mid-shaft to ends only. Keep oils away from the scalp.
- Heat Styling: Thermal protectant is mandatory. Keep hot tools at least 2 inches away from bonds to prevent melting.
- Brushing: Use a Loop Brush. Hold hair at the root while detangling from ends up to prevent tension.

LIFESTYLE & MAINTENANCE

- Swimming: Saltwater and chlorine cause dryness and discoloration. Wear a swim cap or pre-saturate hair with leave-in conditioner.
- Bedtime: Loosely braid hair and use a silk pillowcase to reduce friction.
- Professional Schedule: Move-ups are required every 6–8 weeks. delaying maintenance causes traction alopecia and breakage.

ORDER & AFTER- SALES GUIDE

SHIPPING POLICY

Our goal is to offer you the best shipping options, no matter where you live. We deliver to hundreds of customers across the world every day, and we strive to provide you with services of the highest level.

There are two different situations that affect the order delivery time:

Stock order: 7-10 Business days for delivery

Custom made order: 8-12 Weeks for production, 7-10 business days for delivery

Shipping methods:     

PAYMENT

We accept the following payment methods:         

ORDER CANCELLATION POLICY

We accept order cancellation before the product undergoes shipping or production. Upon confirmation of cancellation, a full refund will be provided. Orders cannot be canceled if the product has been shipped or is in the production process. Please follow our return policy.

RETURN POLICY

We accept return of stock products that are unused, uncolored and uncut to us within 30 days of purchase date. To complete your return, we require a receipt or proof of purchase. All items are inspected on return. Please ask our customer service to make sure you send the package to the right address.

For our custom-made hair systems, default products are eligible for free repair or remaking within three months of shipment. Charges apply for order faults or customer maintenance issues.

Please let us know about any issues as soon as possible. This helps us address and resolve the problem more efficiently. Thank you for your cooperation.

30-DAY MONEY-BACK GUARANTEE

Shop with confidence. If you are not completely satisfied with your stock hair system, you can return it to us within 30 days of a full refund of the product value.

REQUIREMENTS

Condition: Must be unused, uncolored, uncut, and in original packaging.

Processing: Upon inspection, approved refunds are processed immediately.

Timeline: Funds return to your original payment method within 3-5 business days.
